

Resume

Julie Still

President

***Whitney Management Corp.
Houston, Texas***

Julie Still brought 19 years of real estate industry experience to Whitney Management Corp. when she joined the executive management team in 2001. She started her multi-family property management career as a leasing agent and has progressed through various management roles. Ms. Still has experience working for owner management and fee management companies and has served as a consultant to real estate investment groups while performing due diligence, marketing and asset management tasks. She is experienced in the planning, development and operation of conventional, bond, low income housing tax credit, Section 8 and Section 236 multi-family properties. In addition, she has experience operating a general contracting firm that specialized in construction, renovation and rehabilitation of apartments and commercial buildings. Her varied background allows her to provide expertise in many areas.

Julie's current primary responsibilities include technology improvements for the portfolio, revision of operating policy/procedure documentation and assisting the ownership entities with new construction and rehabilitation projects. She holds a Bachelor of Science degree, with distinction, from St. Cloud State University in St. Cloud, Minnesota. In addition, Ms. Still maintains a real estate Broker's license in the state of Kansas. Julie serves as an Advisory Board Member for Multifamily Pro, has been a speaker at a Multifamily Executive National Conference and has attended numerous seminars and conferences related to real estate and property management topics, including compliance certification classes in multiple states.
